

WHO AM I

music & lyrics by Alan Cook and Neal Katz
Exodus 3:11, 4:1, 3:14

INTRO C/G (alternating base hits between C and G)

F G C
And God heard the people crying out
F G C walk down to Am
Listened to their suffering, and issued a command
F G C
And God chose a poor, simple shepherd
F G C walk down to Am D D-C-G
Moses to tell Pharoah that the Jews must leave his land - leave his land

But Moses said, "Please don't send me
I'm afraid they won't listen to my voice - it could be true?
But you will learn, just as Moses did,
That a true leader is inside every one of you - inside of you

C G F
Mi Anochi Ki Elech? (Who am I that I should go?)
C G F
Hen lo Ya'aminu Li (The people won't believe in me)
C G F
Ehyeh Asher Ehyeh (I am the One who was)
C G F G
I will guide you on your journey (and the One who will always be)
C (back to INTRO riff)
You can trust in Me

You don't need to be articulate to lead
You don't need to be tall and beautiful, or possess some super strength
But if you will simply pay heed,
Stand up for what's important, a difference you will make

We all have fears, we all have doubts,
We'd rather leave the job for someone else to do.
But you will learn, just as Moses did,
That a true leader is inside every one of you. **(Chorus)**

G C
We all hear the calling - let's follow the voice
G C
We all have options - let's make a sound choice
G C
Ignore what's around us - pretend we don't see
G C walk down to Am D D-C-G
Or like Moses - take on the responsibility...
